GREAT INSURANCE CO.

Will Have Five Millions of Capital And Five Millions Surplus.—Louisville Men Are Organizers.

W. H. Gregory, president of the Citizens' Life Insurance Company; Helm Bruce, the general counsel of that company, and a number of the other officers have announced their plans for organizing in Kentucky a ten-million-dollar life insurance company. The company is to have five millions of capital and five millions of surplus, and the promoters declare its purposes will be to write life insurance and to reinsure other companies.

Its charter will authorize it to write both participating and nonparticipating insurance. According to President Gregory's announcement, the home office and headquarters of the new company will be located in Louisville, but its legal home will be at Beechmont or some other incorporated town outside of the city limits of Louisville. The purpose in incorporating the company outside the city of Louisville is to save city taxes, which on such corporation as is planned would amount to thousands of dollars a year.

ONE OF LARGEST IN WORLD.

Mr. Gregory says that the organization of the company will be a big thing, not only for the city of Louisville, but the State of Kentucky, as it will give to the city and State one of the largest life insurance companies in the world. He says that it

will become a good feeder for the banks of the State and the entire South, and will aid in making Louisville a financial center just as the big Eastern life insurance companies have made the banks of New York dominant powers in the financial world. The people of Kentucky alone are now paying for ordinary life insurance more than six and one-half millions of dollars annually, and he says the interest earnings on this sum alone if kept at home would be of untold advantage to the State.

OFFICERS OF NEW COMPANY.

Many of the officers in the Citizens' Life Insurance Company will be officers of the new corporation. W. H. Gregory will be the president of the big company and Helm Bruce will be the general counsel. Chas. D. Pearce, the banker, of Maysville, will be first vice president of the new company and L. W. Key, of Mayfield, will be treasurer. R. E. Gregory, now a vice president of the Citizens, will be second vice president of the new company, and J. W. Lam, of Greenville will be the third vice president. Frank M. Fisher, of Paducah, J. Whit Potter, of Bowling Green, Geo. Bohon, of Harrodsburg, and Geo. Alexander, of Paris, all of whom are directors in the Citizens' Life Insurance Company, are among the promoters of the new corporation. However, President Gregory says that any number of prominent capitalists and business men of Kentucky are interested in the new concern and that many of the State's strongest financial institutions are behind it.

GREGORY CONCEIVED PLAN.

It is understood that the idea of forming the big insurance company was conceived by W. H. Gregory, the president of the Citizens' Life. He says that the growth of the Citizens' which was founded five years ago, has been so rapid and successful that it occurred to him that a company with a large capitalization would have a greater opportunity. At the time the Citizens' Life was organized the total capitalization of

insurance companies in the South, or Southern home companies, amounted to \$750,000. He says that the authorized capitalization of Southern insurance companies—organized and organizing—now amounts to about twenty millions of dollars, and that these companies now have in force one-third of a billion of insurance is just three per cent of the total amount carried in the United States.

An Enjoyable Event.

The Fourth Sunday School District met in convention at Bells Mines Saturday, July 17th, 1909, and spent a very pleasant and profitable day. The county President E. F. Dean, was present with his usual zeal and enthusiasm.

The following is a minute of the proceedings:

"The Sunday School when I was a Boy," discussed by Bro. Lowey. He made a very interesting talk and made every one feel welcome.

"Relation of the Sunday School to the church," opened for discussion by G. P. Wilson, followed by Bros. Ben Duncan, H. S. Bennett and Lowery. Bro. Bennett said the church and the Sunday School were one. "The duty of parents to the Sunday School," by President Dean was forcibly put before the people. He said no one could fill the place of the parent in the Sunday School, that the Sunday School needs the co-operation of the parents, discussed by Bros. Lowey and Will.

Song, by Choir.

"Co-operation," was ably discussed by Bro. Bennett, he said we need the co-operation of both old and young in every Sunday School.

Song.

NOON RECESS.

A sumptuous feast was spread on the grass which soon appeared the hunger of every one present.

The house was called to order by singing and the convention work was suspended for a time and a Children's Day program was rendered with Mrs. Gifford, leader.

Song.

The general association of the Sunday School was explained by President Dean.

A collection for the Sunday School was taken which amounted to \$1.67.

"How to maintain the interest in the Sunday School," was discussed by Ben Duncan, he says, select a superintendent that every one loves. G. W. Travis said good singing was the best thing to maintain an interest in the Sunday School furthered by Bro. Lowey who told of his first Sunday School and the first song he learned to sing "Come Thou Fount" which he lead and the whole congregation helped in singing.

Bro. Ben Duncan was elected president and E. J. Travis, Sec'y., for the district for next year.

Closing talk by Mr. Dean.

Song, "Stand up for Jesus."

The following are some resolutions adopted.

Resolved First: That sectarianism be eliminated from our Sunday Schools and that co-operation predominate.

Second: That we extend our thanks to President Dean and our district officers for their efficient work done in the district.

E. J. TRAVIS, Dis't Pres.

MRS. RUTH SWANSEY, Sec't.

An Historic Church.

Ebenezer church in Transylvania Presbytery was organized in 1797 by Rev. David Rice, the first Presbyterian preacher that ever came to Kentucky. For one hundred and twenty years its existence has been perpetuated and it stands today as a monument to this pioneer preacher. Rev. James F. Price is holding a meeting at this church. He has been here week and has had eight professions, principally adults. The meeting will continue this week.

SLOW BUT SURE

The West Kentucky Coal Company In Paducah Has Grown, But Quietly.

A great industry has grown up so quietly in Paducah that the majority of the people are unacquainted with the magnitude of the operations being carried on.

The West Kentucky Coal Company operating the famous Tradewater mines, has been perfecting its plans for several years and is now to be considered one of the great coal-carrying companies on the rivers. It has successfully demonstrated the superior quality of the Tradewater coal in the south and, to meet the demand in that territory, has installed and has in operation a plant for the building of barges. This plant employs 150 men, all citizens of Paducah; it also maintains a floating dry dock employing 50 more men; it also has in operation the steamers Harth, Mary Anderson, Harvester, Reaper and Egan. These boats are maintained at Paducah and their crews are composed of Paducah men. The stores consumed are purchased here and the repairs are made by Paducah firms.

At present they disburse weekly in this city a sum in excess of \$10,000, and as business is growing rapidly this amount should be largely increased. It would seem that the company should receive the loyal support of the citizens of Paducah. Paducah is essentially a river town and its prosperity depends very largely upon the volume of water-borne trade. All the money paid in river freight is immediately returned to the city in wages to crews, repairs to old equipment and building new.

This company will re-open its elevator at the foot of Ohio street on Monday next, where freshly mined coal can be secured at any time and in any quantity. It is to be hoped that the citizens will give this company the support it so well deserves.

A Fine Farm "Hurricane Valley."

Dr. J. O. Dixon, the well known physician, of Marion, Ky., has a beautiful farm near Tolu, Ky., which he named "Hurricane Valley." On this farm you will find all kinds of stock of the finest breeds, hereford cattle, polen-china hogs and different breeds of horses.

"Dixon," being a good farmer as well as a physician, has his farm in a good condition for growing any kind of grain, he sows timothy, red top, rape, alsike, clover, red top clover, peas and millet, the peas and millet is sown together and he has a fine lot of hay for his stock in the winter his barns and out buildings are nicely arranged and of cold winter days all of his stock are sheltered and well fed and watered in a trough which is filled with pure water from an everlasting well, drawn by a gasoline engine.

Dr. Dixon came to his farm last week to look after the threshing of his wheat, oats and rye. He only had 22 acres in wheat but it proved to be the best ever raised in this section. The yield being 27 bushels to the acre.

Crittenden County Sabbath School Association Convention.

All Sunday Schools are requested to send delegates to the above named convention to meet at Marion Graded School building at Marion, Aug. 30th and 31st. Every Sunday School is entitled to five delegates, all to be entertained free.

Music for the occasion will be furnished by the Marion Sunday Schools. All workers cordially invited and every school urged to send delegates. JAMES ALEX. HILL, See'y.

TWO NO-HIT NO-RUN GAMES

First Game With Evansville Resulted 1 to 0, The Second With Waverly Resulted 5 to 0.

The Evansville High Arts and Waverly proved easy last Thursday and Friday for Marion, neither team being able to make a hit or run off Cooperrider and Kraft. The game against the High Arts was a pitchers battle all the way through, Marion making only three hits, and both sides fielded in splendid style, cutting off many balls that might have gone for hits. Cooperrider was in splendid form striking out twenty men, and having the Evansville batters at his mercy all the time. Only three men got to first, one of these reaching second, but no one got any further. The only misplay charged against Marion occurred when Lamb missed a rather wide throw to first from Rochester in the ninth, outside of this the fielding of the locals was faultless; that of the visitors was equally as good, the only error being a fumble by the short-stop of a hard-hit grounder from Rochester's bat. Marion scored in the eighth by bunching two of their three hits; Cooperrider singled, Dixon and Rochester drew their base on balls, filling the bases with no outs; Franks then came up, and justified his reputation as a safe hitter by beating out a pretty bunt, on which Cooperrider scored. Guess then hit into a double play, pitcher to catcher to first, which spoiled Marion's chances for further scoring; but we had all that was needed to win.

a fine reputation as a pitcher, and deserves it, had his support been better, the score would have been much closer, and several of Marion's seven hits would have been outs. However, the local boys did enough clean hitting to win, two of their runs being earned.

TAXES DUE.

The state and county taxes are now due and to relieve the sheriff of a great responsibility, should be paid at once. On December 1, I, as sheriff of Crittenden county, am required to settle with the state, and if I should fail to collect these taxes it would work a hardship on me as well as my bondsmen, to have to pay your taxes. So come up at once and settle your taxes promptly. Do not wait for the penalty, or even a nearness to it, but pay them now if you possibly can.

In the near future I will have appointments for myself or one of my deputies for each precinct and to meet us at the designated time and place to receive a clear receipt for your taxes, will aid your sheriff more than you may perhaps imagine.

Now, as my whole desire is to try to collect the taxes for this year without a single levy, or even penalty, I again urge you to aid me in this by coming to these places or to my office at Marion and settling same.

Hoping every tax payer of Crittenden county will aid me by an early settlement of the common burden resting upon all in proportion as God has blessed him,

I am yours very respectfully,

J. G. ASHER, S. C. C.

NOTHING TO PAY.

Hyomei is Guaranteed to Cure
Catarrh or Money Back.

When you suffer horribly from
catarrh and are constantly sniffing
and snuffing, hawking and spitting,
and doing other disgusting things,
remember there is a certain cure,
called Hyomei (pronounced High-
ome), which is guaranteed to cure.

Hyomei will give joyful relief to
any catarrh sufferer in five minutes
and it gives remarkable relief to con-
sumptives.

Hyomei is medicated air prepared
from the extracts taken from the
giant eucalyptus trees of inland
Australia, where catarrh or consump-
tion is never known.

You breathe in this healing and
antiseptic air through an inhaler and
this air, with its peculiar soothing
properties, passing over the inflamed
and germ ridden membrane (for
catarrh is a germ disease), kills the
germ, allays the inflammation, and in
a short time completely cures the
disease.

A complete Hyomei outfit, which
includes a hard rubber inhaler that
will last a life time, and a bottle of
Hyomei, costs only \$1.00, extra
bottles cost 50 cents. Sold by lead-
ing druggists everywhere and in
Marion by Haynes & Taylor, who
guarantee it on the money back
plan.

PLAYING BASEBALL ON THE LORD'S DAY.

"Remember the Sabbath day to keep it holy," is just as binding today as it was the day it was given, and he who breaks that law in this, the light of the most advanced age of the world, is just as responsible to God, (or more so) as were those who lived at the time of the writing of the above injunction.

When a boy or man plays baseball on Sunday he does so in open violation of God's law and is held responsible for the offense. But, says one, we had as well play ball as to pitch dollars, play marbles or indulge in other games usually engaged in on Sunday by boys. Granting for argument sake that this is true, then we have no right to play baseball on Sunday. That day was set apart by the Creator of us all, for rest; for a day of thanksgiving.

While it is wrong to play marbles pitch dollars, fish or do anything of that kind on Sunday, we take the position that playing baseball is many times worse than any of these. Why? The reason is evident to any who have studied the question. In game of marbles two or four boys generally engaged in the game, and as, with probably a few small boys constitute the crowd. The same is true with dollar pitching, and when comes to fishing, many times a boy will sit by himself all day, the side of the stream, without disturbing or molesting any one else. It is generally the small boy that engages in these things. All of which is wrong. But very few men ever forget the God of Creation and holy injunction, "keep the sabbath holy," as to play marbles or fish Sunday.

But what about baseball? To be with we want to say that we enjoy the game, when it is played at right time and in the right way, only does the writer enjoy the game, but nearly everybody else enjoys it. The game furnishes good exercise and amusement to the players and is enjoyed by those who see it. But, when it comes to playing game on Sunday, it becomes an irritation, and should be cried by all who desire to see Sunday observance enforced. One feature of the game is always present, hollow and "fuss" of all kinds, within itself is enough to denote, as a Sunday indulgence, the fact that it is anything else, rest or worship, is enough at further argument, to convince the most exacting that it should not be played on Sunday.

It is not wrong to play baseball on Sunday, it is right to plow, split rails, thresh wheat, build sell goods, buy stock and follow other avocation on that day. The people of this enlightened country should begin to follow

regularly, all these things on the Lord's day, what would become of the day? And what would become of the church?

We want to say, in honor of the Dixon base ball team, that they have played very few games here or away, on Sunday, and we hope this record will be kept up. However, once and awhile our boys depart from the general rule, and play on Sunday, hence this article. We have no objection to base ball, when played at the right time and in the right way, but Sunday is the wrong time, and the Journal may be expected to fight the practice of playing on Sunday, at all times.

In most cases, the parents can control this matter and we call on them to see to it that their boys do not play base ball on Sunday. If we let our Sunday "go by the board" we had as well give up the church, for when all the people quit observing the Lord's day, the church will have disappeared. Boys: Play ball when you get ready, but don't get ready to play on Sunday.—Dixon Journal.

Good for you Bro. Rakes, if the local newspapers were disposed to follow your example in crying down sabbath desecration instead of filling up their columns with Thaw and Ella Gingles rot and dog gone plate 14 years old they would be among the crowd that is some day going to be of help to the community in which they live.

It will be only a short time now until the gates of the Great Union County Fair at Uniontown will be opened to what is expected to prove the largest attended and most profitable exhibit in the history of the Association. More than twenty-five horses have already been quartered at their stables and Mr. W. C. Bland of Uniontown as Secretary and Sam P. Sturgis, of Dekoven as President of the Association, are flattering themselves that the various rings this season will be the best ever known. The Morganfield Sun quotes Mr. Bland as follows:

"Things look mighty good to me for a fine fair. We have received more inquiries from horsemen for entry blanks and stable room this early this season than ever before, and inquiries from exhibitors for catalogues have been more numerous. We now have about 20 or 25 horses quartered at our tracks, and the track is in better condition than we have ever had it this early. We are now whitewashing, and otherwise beautifying the grounds and everything will be in readiness when the gates are thrown open on the first day of the fair for the Biggest and Best Fair ever held on our grounds. We have already contracted with several Aerial Performers and within the next few days will have the most attractive list of Free Attractions ever presented to our patrons."

Mr. Sturgis as President and Mr. Bland as Secretary, have in all the years of the Association made it a success. Their competency in handling successfully other large businesses have the better fitted them for this and together with the personnel composed of the best business men of Union County, they make the strongest and best organization of the kind in the whole Circuit. If Crittenden Livingston and Webster county people want to get their money's worth and see a good time, let them attend the Union County Fair at Uniontown.

Secretary Bland has closed a contract with the "Five Flying Moors" as the feature free attraction for the coming Union County Fair. They will give two performances daily and are said to be the best aerial return casting performers in the business. They have appeared at different state fairs and have always proved a drawing card. These, together with the balloon ascensions and other free attractions, will give the Union County Fair patrons the best and most complete program ever offered by the association.

On first page will be found a portion of a lengthy account of the organization of a new insurance company in the city of Louisville that will mean more for the state of Kentucky than any other one organization or enterprise in it. The new organization means that Kentucky is

to be the home of the largest insurance company in the world and if you have the least idea of what the Equitable, Mutual Life and New York Life (termed, The three Giants) and Metropolitan, has been to Wall street in New York, you can form but a faint idea of what the real value of this, the largest company in the world, will mean for Kentucky. The personnel of the new organization is made up of the best financiers in the state—men who have never known failure under whose guidance the citizens of the state will reap a rich harvest.

It was our intention and has always been our custom to give liberal mention of our advertisers, but the great amount of news coming together with the four full pages and one half page adds, that lack of space forbids this week.

That the merchants of this splendid town are patronizing us so liberally, is appreciated to a greater extent than they will ever know. That this is meant, they will see, in the care we shall take of them in the future during the period they are not before the people in a big add.

We come to the people this week with a supplement and there many important news notes left over. Surely the people of Marion and Crittenden county can see that we are making an effort to give them a good newspaper. We are running nobody's business but our own and collecting nobody's debts but our own. So if your time is out, or nearly so, or if you are not taking the paper, come in and subscribe or renew. It will help us to help you. Very soon we expect to change the Record-Press from a weekly to a semi-weekly, without change in the price, and your subscription or renewal will greatly aid us in the expense of making the change. We need your aid and are going to try to merit it. Come to see us when you come to Marion.

While it is wrong to judge a town by its newspaper, yet it is done. Pick up an 8-page newspaper from any town that gives to its readers four pages of patent matter and the other four pages sadly mixed with plate, and you at once pronounce the town "dead." Why give a hungry, newspaper-loving public with such stuff when, to a certainty, it is never even noticed? The paper that the people want is the paper that looks after their interests and protects them. Such papers in any town will soon have little room for ready-prints and plate.

We understand that N. E. Calmes, former editor and owner of this paper has purchased the Crittenden Record-Press at Marion. If this is true the citizens of Marion and Crittenden county can rest assured that they will have a good newspaper. There is no question about Mr. Calmes getting hold of the news and putting it up in readable shape.—Sturgis News Democrat.

THE Marion Electric Light and Ice Company, had ordered several new street lamps to take the place of some damaged in recent electrical storms. The destruction of transformers fuse blocks, and other delicate parts by lightning is the greatest tax an electric plant has, and it runs up into money almost as fast as lightning.

WHEN local newspapers, or national ones, for that matter, fill up on Thaw and Ella Gingles rot they show poor judgment and evidently little regard for the masses. Such stuff should be classed unprintable and should be barred from entering the pure homes of our fair country.

CIGARET HABIT.

During the past ten years I have buried more who have died as the victims of the cigaret habit than during a ministry of thirty-five years. I have buried as the result of a strong drink Rev. J. M. Caldwell, Presiding Elder, M. E. Church, Chicago.

On last Saturday evening ten of the most beautiful lassies it has been our pleasure to see anywhere, were gathered at the depot to see Miss Eugenia Stinson off for her home in Evansville, Ind., after a pleasant week spent with friends here.

WHILE Waverly was shut-out by the Marion team Friday, they played splendid ball from start to finish. They are a splendid aggregation and we hope to have them with us again.

Letter From Kansas.

Atwood, Kan., July 20th, 1909.

Editor, Record-Press, Marion, Ky. I will write you about our crops. Crops is good so far in Northwest Kansas, and we are now harvesting wheat, oats and barley. There was four large wheat headers running on my farm last week. It takes twenty-four men and forty head of horses to run these four headers and they cut and put in stack from 100 to 120 acres per day. The harvest will last about three weeks, if the weather continues good. So far, we have not missed a day.

I visited Hoxie, Kan., a few days ago and had the pleasure of meeting Frank Loyd, Colie Dollar, Frank Crayne, W. H. Clark, Henry Wilson and H. H. Morse, my brother, and they are all Kentuckians and well pleased with Kansas, and they have fine crops this year and will make thousands of dollars. They did not say, but they may be riding in automobiles next year. I have a notion of purchasing one, for they make a long road short. We have good roads out here and as a rule, they are 60 feet wide that is on all section lines.

This is certainly a healthy country. Our wells is from 150 to 200 feet deep, and this is a high altitude too. Cool nights and warm days, but we have a real sea breeze.

Well Mr. Editor come out and make us a visit some time if convenient, would be glad to see you.

Wishing you well, happy and prosperous, I remain.

Yours Respectfully,
J. B. MORSE.

The Debate at Heath School House, a Success.

The fish fry, ice cream supper and debate at Heath school house Saturday evening, was well attended. After every body had eaten plenty of fish, ice cream, etc., and refreshed themselves with cold drinks, they listened to a debate of about one hour and a half duration upon the following subject. "Resolved that money is of more benefit to mankind than friendship." The debate was to have been between Forest Grove and Heath, but as only one gentleman, Rufus Robinson, of Forest Grove, came, the matter had to be rearranged. The speakers at last selected were as follows: Atf., Rufus Robinson, Wilson Rankin and Wesley Clift. Neg., Lonnie Clift, Wm. Fowler, Sr., and Wallace Clift.

The debate was commenced by Mr. Robinson, who declared that money is the life of the country. He warned the opposition not to confound love, sympathy and pity with friendship, saying they are different. He talked twenty minutes after which he was followed by Donnie Clift, of the Negative.

This speaker argued that friendship is of divine origin, the desire for some having been planted in the human heart by God himself. He pointed out the indescribable wretchedness and misery, which must of necessity come, were friendship destroyed in this world.

Wilson Rankin, of the affirmative, was the next speaker. He declared that money is solid and substantial, while friendship is fleeting as the winds.

Wm. Fowler, Sr., was the next speaker. Mr. Fowler waked the folks up who were getting drowsy and they stayed awake too.

Wesley Clift, of the negative, spoke next. He received the influence and the power of money from the earliest dawn of history unto the present day, and told of the vast number of lives that had been lost in quest of the precious metals.

Wallace Clift, of the negative, was the next speaker. He held up the miser as an example of a human soul debased by the love of money.

He reviewed the arguments of the previous speakers at some length.

Rufus Robinson closed the debate in a short talk, after which the question was submitted to the judges. The decision of the judges was unanimously in favor of the affirmative. In the voting contest Miss Toy Wafford won the cake as being the prettiest girl present. She received 280 votes. Miss May Holoman was next with 190 votes.

Stock Law To Be Voted On.

Crittenden county court, Regular term July 12, 1909.

Present and presiding, W. A. Blackburn, Judge. D. A. Lowery et al. For vote on stock law.

It appearing to the satisfaction of the Court that a petition signed by D. A. Lowery and more than one hundred other legal voters in Crittenden county, Kentucky, was filed in Crittenden county court by said D. A. Lowery at regular June term 1909, asking a submission to the voters of said county at the next regular election in said county the question whether or not cattle and all kinds of stock shall be allowed to miss a day.

As is well known, Kentucky stands high as a corn producing state when acreage is considered. It is the hope of Mr. Rankin and his co-workers to bring the average yield per acre up to among the best in the United States.

WANTED:-A few calves, ready to wean. S. M. Jenkins.

An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously.

Dyspeptics cannot eat the things they like; food sours in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated all along, and the stools are forced and irregular.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that if you go to your druggist and get a bottle of Dr. Caldwell's Syrup Peppermint, the wonderfull cure for stomach, liver and bowel troubles. That is what C. Fowler, of Carson City, Mich. did and he is well today. Others who did the same and are cured are Ida A. Fortune, of Lexington, Tenn. B. F. Thompson, of Shenandoah, Tenn. who actually considers that it saved his life. You can obtain a 50-cent or \$1 bottle of the druggist, and, taken according to directions, it will probably be all you need. It will quiet acts quickly, never gripes, and besides the laxative effect, contains exceptional tonic properties which help the stomach, and that is what is especially needed in indigestion.

All suffers from indigestion who have never used Dr. Caldwell's Syrup Peppermint, a free gift with every bottle the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Peppermint is the very remedy they needed to cure indigestion. When once you use this grand remedy you will know violent cathartics, tablets, salts, etc., away.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

SEES MOTHER GROW YOUNG.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick, of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50 cents at Haynes & Taylor and Jas. H. Orme's rug stores.

Democratic Primary Election

Fourth Judicial District Saturday Aug., 28, 1909.

Princeton, Ky., July 14, 1909.

The Democratic Executive Committee for the Fourth Judicial District of Kentucky, composed of the counties of Hopkins, Caldwell, Crittenden and Livingston, this day, in accordance with a call made by the Chairman of the said Fourth Judicial District of Kentucky, assembled in this city in executive session, being desirous of holding a Primary Election under the provisions made and provided in such cases, to nominate candidates for the offices of Circuit Judge and Commonwealth Attorney of the said Fourth Judicial District of Kentucky, do now call and direct hereby give public notice that a Democratic Primary for the purpose of nominating candidates for Circuit Judge and Commonwealth Attorney for the Fourth Judicial District of Kentucky, will be held in the said counties of Hopkins, Caldwell, Crittenden and Livingston, and the polls for this purpose will be opened in the various voting precincts of said counties of Hopkins, Caldwell, Crittenden and Livingston, at the usual voting places therein on the 28th day of August, 1909, between the hours of 6 o'clock a. m., and 4 o'clock p. m. as required by law.

All known Democrats and all persons who voted for W. J. Bryan for President in 1908, and all young men who are not of age now but will be of age and legal voters at the November election 1909, and who desire to affiliate with the Democratic party are eligible voters to participate in said Primary election.

It is declared by said Democratic Executive Committee for said Judicial District that all expenses of holding of said Primary election shall be borne and paid by the candidates for said offices, being voted for in said primary, which will be the sum of \$1,000.00, which sum shall be borne equally by each candidate, where there is more than one candidate for either of said offices, and which sum shall be paid

to the committee in cash, by being placed in the hands of Hon. John R. Brasher, Chairman of said committee, on or before the 13th day of August, 1909.

Any person desiring to submit his name as a candidate for either of said offices to the voters in the primary hereby called for the Democratic nominations shall not later than fifteen days next preceding the holding of said primary election; viz: The 13th day of August, 1909, apprise the Democratic Executive Committee of said district of the fact that he is a candidate by notifying Hon. John B. Brasher, Chairman of said committee at Madisonville, Hopkins county, Ky., that he is a candidate for either Circuit Court Judge or Commonwealth Attorney of the Fourth Judicial District of Kentucky, and upon his compliance with the condition prescribed by this committee governing candidates and paying in the required entrance fee as provided herein shall have his name printed upon the ballots as a candidate for either of said offices for which he is a candidate and for which he desires to run.

In the event of their being only one candidate for either Circuit Court Judge or Commonwealth Attorney for this district complying with the requirements of this call, then and in that event said primary will be called off so far as the office having only one candidate is concerned and the Democratic Executive Committee for the Fourth Judicial District of Kentucky will meet at Princeton, Ky., on the 14th day of August, 1909, and will proceed to take the necessary steps to declare said candidate for either of said offices who does not have opposition the nominee of the Democratic party for said offices.

JOHN B. BRASHER,
Chairman Democratic Executive Committee Fourth Judicial District of Kentucky.

Attest: MARION F. POGUE,
Secretary

CRYING FOR HELP.

Lots if it in Marion, But Daily Growing Less.

The kidneys cry for help.

Not an organ in the whole body so delicately constructed.

Not one so important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisonous blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help.

Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidneys.

Help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Marion citizen.

J. O. Tabor, Marion, Ky., says: "I was afflicted with kidney trouble for about six years. The pains in my back were severe at times and when I was stooping or lifting, sharp twinges passed through my loins. My back always ached more severely at night and in the morning I felt very lame. I tired easily, was languid and nervous and had headaches. The kidney secretions also passed too frequently. I used one and a half boxes of Doan's Kidney Pills, procured at Haynes & Taylor's drug store, and they rid me of every sign of the trouble. I am now in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
